

Behavior Intervention Plan Process - Fidelity Checklist

BX³ Team Members

Student		District/Building	
----------------	--	--------------------------	--

<i>Initial Components</i>	Was the Step Completed?
Behavior Plan is developed in a timely manner (e.g., within 30 days) upon completion of the FBA.	Yes No
Hypothesis developed from the FBA is included or referenced on the Behavior Intervention Plan (BIP).	Yes No
<p>A minimum of one strategy that directly addresses and modifies antecedent events listed in the “when” component of the FBA hypothesis is identified and described in enough detail for implementation.</p> <p>List antecedents in hypothesis:</p> <p>List strategy(ies):</p>	Yes No
<p>A minimum of one strategy that eliminates the maintaining consequences identified in the hypothesis is described with sufficient detail to implement (i.e., changes the way others respond to the problem behavior).</p> <p>Function identified in hypothesis:</p> <p>List strategies:</p>	Yes No

<p>A minimum of one strategy that will reinforce the replacement behavior and provide the same outcome/function as did the problem behavior is identified and described in enough detail to implement.</p> <p>Function identified in hypothesis:</p> <p>List reinforcement strategy(ies):</p>	<p>Yes No</p>
<p>A need for a crisis plan is considered, justified and described with sufficient detail if a need is indicated.</p>	<p>Yes No</p>
<p>A specific plan for collecting progress monitoring data on both the problem and replacement behaviors following implementation of the Behavior Plan is included.</p> <p><input type="checkbox"/> When / How often <input type="checkbox"/> Who <input type="checkbox"/> Method</p> <p><input type="checkbox"/> Review date</p>	<p>Yes No</p>
<p>A specific plan for collecting fidelity data on the BIP implementation is included.</p> <p><input type="checkbox"/> When / How often <input type="checkbox"/> Who <input type="checkbox"/> Method</p> <p><input type="checkbox"/> Review date</p>	<p>Yes No</p>
